

St. Anthony's Preschool & Child Care has embraced the Frog Street Curriculum for our Pre-K Three and Four Programs. It is a comprehensive and research-based early childhood education program designed to inspire young minds and foster a lifelong love for learning. Rooted in the latest developmental research and best practices in early childhood education, the Frog Street Curriculum offers a holistic approach to teaching and learning that encompasses all domains of development: cognitive, social-emotional, physical, and language.

At the heart of Frog Street Curriculum is the belief that every child deserves a high-quality education that celebrates their unique strengths and abilities. Our curriculum provides educators with the tools and resources they need to create engaging, interactive learning experiences that meet the needs of diverse learners and promote school readiness.

Frog Street Curriculum provides a seamless progression of learning experiences aligned with state and national standards, ensuring that children are well-prepared for success in school and beyond. Our curriculum emphasizes hands-on, experiential learning opportunities that encourage exploration, curiosity, and creativity.

With the Frog Street Curriculum, educators have access to a wealth of resources, including comprehensive lesson plans, interactive learning materials, assessment tools, and professional development opportunities. Our goal is to empower educators to create dynamic learning environments where children thrive and reach their full potential.

We have joined the Frog Street Curriculum community and discovered the joy of learning together!
